Attached herewith is a Certificate of Correction Form (2 pages) PTO/SB/44 (in duplicate) correcting errors in U.S. Patent No. 7,229,429 B2 which issued on June 12, 2007. The corrections are for errors due to Patent Office mistake, and due to Applicants' mistake for errors being merely clerical in nature. Correction of the errors does not entail changes that would introduce new matter into or would require re-examination or reissue of the patent.

I. Support in the Record for the Corrections

Attached as Exhibit A is a copy of the Amendment filed May 22, 2006 (the "Amendment"). A number of these changes should have been entered during prosecution, but were inadvertently omitted by the PTO. These particular changes are referenced below.
